RE: Faculty appointments

As you know, San Diego State College has recently approved a Women's Studies Program to begin in the Fall of 1970. Final approval came May 22 when it passed the Faculty Senate. Now we have begun the process of interviewing and recruiting faculty.

Your name has been recommended to us several times and I'm writing now to give you the enclosed information and request more information on yourself. We do have your vita but would like additional information about past work you've done for women, your involvement in the Women's Liberation movement, your educational philosophy, etc. Please send any copies of your articles (or articles about you) which would be of interest.

Sorry for not corresponding sooner--I'M sure you know what a mammoth task this is to keep up with (especially with no secretarial help yet). Of course I'd rather talk by phone or visit with you in person, and that might be arranged at a later date. If you should want to call my number is 714-465-6195.

Hope to hear from you soon.

Peace & Liberation,
 Carol Rowell
