MEMORANDUM

TO: Hilda Nelson
Clint Jencks

FROM: Carol Rowell
Women's Studies Program

RE: Faculty Advisory Committee

I've been trying several times to reach you by phone, but these are busy times so I'll resort to memos.

The Women's Studies Committee is sending a memo to Dean Carrier recommending your appointment to the Faculty Advisory Committee to the Women's Studies Program. I would like to talk with you personally about the nature of the committee, its relationship to the faculty and students in the Program, etc. My home phone (& my office) is 465-6195.

One task of the Advisory Committee is to make recommendations to Dean Carrier concerning faculty appointments. Right now is the time that the W.S. Committee is interviewing prospective faculty and needs to be communicating recommendations to you. Please let me know what your situation is and how available you will be for this.

The accompanying memo refers to a meeting on June 9 which you were unable to attend despite attempts to contact you. Although, the Faculty Advisory Committee doesn't officially exist we went ahead with an interviewing session with two "future members" present, Jackie Tunberg and Hona Cannon, and are making an informal recommendation of appointment to Dean Carrier (who was present and very impressed with Emily Card).

I'm intent that there be proper communications on these matters. Please call or send me a memo to 9105 Madison St., La Mesa, Cal, 92041. so I will know what your feelings are on all of this.

Peace & Liberation,
Carol Rowell

cc: Dean Carrier
