

June 15, 1970

Dear

Your name has been recommended to us as a possibility for faculty appointment to our new Women's Studies Program. The Program is the result of a Year's work by the Women's Studies Committee, an offshoot of San Diego State Women's Liberation. It will begin in the Fall with an offering of eleven newly approved courses.

Enclosed (or following) soon will be specific information concerning the nature of the Program. We have just begun our recruitment and interviewing, however, and time is running short. If you are interested and could send us information right away it would be most helpful.

We would like to have: 2 copies of your vita; copies of any articles you've written concerning women and/or your special area of knowledge; information concerning past work you have done with and for women; an explanation of your relationship to the Women's Liberation movement; and information concerning your educational philosophy and skills. This is no rigid outline and we are not expecting to get this information in any particular form. Of course we'd rather rap over the phone or visit in person and we'll try to arrange this whenever possible. If you'd like to call me, my phone number at home is 714-465-6193

We'll be looking forward to meeting or hearing from you.

Peace & Liberation,
Carol Howell
