

The following communication from W. S. Hebbard, the architect, was received and read:

"San Diego, Cal., June 20, 1907.

President Samuel T. Black,
State Normal School,
San Diego, Cal.

Dear Sir:-

I enclose herewith a proposition from the Standard Iron Works for the beam and columns in the Library. This work will also necessitate some tearing out and will require two brick piers to form foundation for the columns, which I think could better be done by days work.

Yours very truly,

(Signed) W. S. Hebbard."

The following is the ~~communication~~ proposition referred to in Mr. Hebbard's letter:

"San Diego, California, June 17, 1907.

Mr. W. S. Hebbard

Dear Sir:- We agree to furnish and set in place at the San Diego State Normal School

1 - 15" 42" I Beam 34' 2" long
1 - 7" 3/4" Metal Col 13' 9" long
1 - 6" " " " 13' 9" "
2 - 18 x 18" x 1 1/4" Beaming plates for the sum of One Hundred and eight seven Dollars (\$187.00)

Yours Truly

(Signed) Standard Iron Works
P. J. P."

On motion of Trustee Powers, it was ordered that the bid of the Standard Iron Works for furnishing and setting in place the above mentioned material, be accepted; and that the work of tearing out the wall, and building the brick piers for the support of the above mentioned columns be referred to President Black with power to act.

There being no further business before the committee, the meeting adjourned.

Respectfully submitted,

W. S. Hebbard
Samuel T. Black
