My dear Sir:

Up to the present year we paid our librarian \$75, but upon her resignation we took two— one who receives \$50 and the other \$25. The number of volumes in our library is 8,003. All students use the library. The library hours are from 8 until 4:30 daily. Until this year we included Saturday. It was not used very much and we stopped it, though I think next year we will *keep open*

in Seclusion

very truly yours,

Fredrick Burt.
