

State Normal School.

PRESIDENT'S OFFICE.

112.227
San Diego, Cal., June 25, 1908.

This certifies that Elizabeth D. Frazee was this day graduated from the State Normal School, San Diego, after successfully and worthily completing the full course of study and training prescribed for the California Normal Schools, and is, therefore, well qualified to teach in the rural schools of the state or in the grades of our towns and cities. I take pleasure in commending her to the favorable consideration of school officers requiring the services of a faithful and competent teacher.

Samuel G. Reed
President.
