

*C. J. F.*

CALIFORNIA STATE NORMAL SCHOOL  
Office of the President.

Chico, California, June 13, 1909.

To any Board of Education:

In graduating from this institution, Miss Neva Carter receives one of the highest recommendations. Her scholarship is excellent and is not weakened at any point. All subjects were carried at a very high grade. She possesses a logical and independent mind and has at all times pursued her work with steadiness of purpose, great thoroughness, enthusiasm and fine attention to detail.

Personally, Miss Carter is very attractive. Her manner is vivacious and cultured, her attire neat and tasteful. Her character is strong and excellent. In matters of business, Miss Carter is quite exceptional. She is most reliable, prompt and accurate.

The foregoing characteristics combined with fine professional spirit and skill have made her teaching work of a very high order. She is especially commended for entrance class work and at the same time wins distinction for advanced grammar work. Her energy, industry, discipline and adaptability are very much above the average. We expect Miss Carter to be a successful teacher in any community that is so fortunate as to secure her services.

School authorities desiring further information concerning this graduate can secure the same by applying to this faculty or any of its members.

C. C. VAN LIEW President.  
For the Faculty.
