

Eternal God: your wisdom is greater than our small minds  
 can contain, and your truth shows up our little learning.  
 To those students who study, give curiosity, imagination  
 and patience enough to wait and wait for insight,  
 helps them to doubt with courage, but to hold all their  
 doubts in the larger faith of Christ our Lord.

Almighty God: again you have called on young people  
 to force change or ~~find~~ human hopes. Never let us be so  
 set in our ways that we refuse to hear young voices or so  
 firm in our grip on power that we reject them. Let our youth  
 be candid but not cruel. Keep them dreaming dreams  
 that you approve, and living in the young Man Jesus. Take  
 away from them anxiety or confusion of purpose, and give  
 them a confidence in the future you plan. More energies  
 may be gathered up & given to neighbors in love.
