

"Brought together"

Object: Rubber Band.

I have something with me that most girls have used, but which most boys have not. What is this? ^{an elastic} hair band which holds the young ladies together. Many different strands of hair are brought together.

The Church is filled with different kinds of people - women, men, children; people with light skin, dark skin, yellow skin; Americans, Europeans, Latin Americans, and Chinese; tall, short, thin ones & stocky ones, to mention a few -

There are many different kinds of people in the Church, but Jesus holds all of them together.

He brings Christians into one body
Called the Church. There is neither Jew nor
Greek, slave nor free, male nor female, for
you are all one in Christ Jesus." Gal. 3:28

Prayer: Lord God, thank you that Jesus is
the foundation of our faith, for in Him we are all
drawn together as one. Forgive when we act as
though differences really counted more than our
union and equality in Christ. Amen
