

24 Jake enjoyed sharing -

- His Mathematical talents - he tutored many youngsters who were having difficulty with math.

- He was always a farmer at heart. He grew the best produce in S.D. County. I would always enjoy seeing him drive up in seemingly that '1999 model Car - I know it would have something good for the pot.

- He was an extraordinary Carpenter. Many buildings in this community are here because of the skills of this great Craftsman.

- Jake was a man of great faith - Bible scholar. In II Kings 2: 9 one can read the interesting conversation of Elijah, shortly before his departure from the earth, with his young son in faith, Elisha. The elderly prophet says, "Ask what ~~shall~~ I shall do for you, before

"I am taken from you." The young man with insight, high ideals, and profound appreciation, responded, asking not for worldly inheritance, nor fame and honor, but rather, "I pray you, let me inherit a double portion of your spirit." How fitting a request for us to ask of Goble.

May God give us a double portion
